| □ HUMAN |

| Common everywhere. You never feel out of place anywhere on the planet. Except, of course, the Silohain. You see humans and orcs everywhere you go and (almost) everyone knows Northword, so asking for directions is never a problem. |
| Social Dominance. Every major market in the world bases their services and products around human needs and human tastes, and the human-origin language of Northword is spoken, though not always perfectly, in nearly every corner of the world. |

| Common everywhere. You never feel out of place anywhere on the planet. Except, of course, the <i>Silohain</i> . You see orcs and humans everywhere you go and (almost) everyone speaks the Northern tongue, so asking for directions is never a problem. |
| Ordhauden Grit. Your ancestors thrived in the harsh extremes of the Eastern Expanse so you can better endure cold and heat. |
| <u>Common Services.</u> Humans have <i>nearly</i> the same anatomy as orcs, so there is never any problem with using all of the human-oriented services everywhere in the world, including <i>medical</i> services. |
| □ DWARF |
| Common in many places. Though there are plenty of other dwarves and saurians to drink with in metropolises outside of the Essian Union, it gets harder to find another dwarf at karaoke in the small towns scattered throughout the world. |
| Short. You are a little under five feet tall. |
| <u>Muscular.</u> Though short, you are <i>all</i> muscle, so you are as strong , and as heavy, as an average human |
| SAURIAN |
| Common in many places. Though there are plenty of other saurians and dwarves to share stories with in metropolises outside of the Essian Union, it gets harder to find another saurian at the bar or in a cafe in the small towns that dot the world. |
| <u>Cold Blooded.</u> You require less food to survive (preferring one <i>large</i> daily meal), but it is difficult to <i>naturally</i> regulate your body temperature, so sudden temperature changes can be <i>harmful</i> . |
| Brumation. You are able to enter into a <i>deep slumber</i> where you require <i>no food or water</i> , but you <i>cannot recover cards</i> , and after <i>five days</i> you have to make a C♣ Check every day. |

Rare, but unremarkable. Elves are in every book, on every screen, and in every high-end ad. Elves are everywhere you look, but you hardly ever meet one of your kin face-to-face. There is the occasional meet-up at a community center, but elves, like everyone else, are a *mixed* bag.

<u>Magical Senses</u>. You are naturally attuned to magic and are able to **naturally sense magical energies**, perceiving magic in a way similar to a sense of *smell*.

<u>Slow Aging.</u> You are going to live a *long time* (500-800 years or *longer*), because your aging is *about* five times slower than a human, so it took decades to mature, and your experience with time is skewed.

|----|----|----|

Rare, and notable. You kin is as ancient as the elves, but your ancestors hid as the world bent, and burnt, and changed. Until the *last* century scholars still thought your kind were *half elves*, due to the similarities, but your descendants always *knew* that was wrong. Very few goblin communities exist today, but goblins are on the move now, and you are no longer hiding.

Small. You are a little over four feet tall, and much lighter and weaker than the average human.

<u>Stubborn Survivors.</u> You can survive on *miniscule* amounts of food and water in very extreme temperature ranges.

<u>Extreme Immunities.</u> You can get sick from disease, poison, and radiation, but it takes prolonged exposure, and only very old Goblins (200 years or more) actually die from these causes. You also recover extremely quickly from the effects of these hazards.

□ FAEKIN

Extremely rare, and significant. It's a brutally glorious and paralyzingly lovely world, and you have an unyielding affection for this terrifying existence, even if it's always *exhausting*. It's hard for you to find anyone else that relates to you, since faekin are rarer than *elves* or *goblins*, but lucky for you, you always seem to find *friends*.

<u>Demi-Fae.</u> You have a unique and *beautiful* mutation from your Fae ancestry that makes you *clearly* stand apart from others, but it is sometimes *inconvenient*. What is your unique mutation?

<u>Presence.</u> 5,000 years ago the Fae nearly *destroyed* the world, but the original ancestral faekin *saved* it, so reactions to you are mixed: *fear*, *reverence*, *awe*, *curiosity*.

☐ GOLEM

Extremely rare, and memorable. You were born from run-away magic and rich clay. Your ancestors were created as *tools*, but that magic seeped deep into the earth and you rose from the soil, fully formed and *independant*. Like all other Gods-Touched beings you make the most of *this* life, because even *clay* eventually turns to *dust*.

Of the Earth. You do not have to eat, sleep, or breath, and extreme heat, cold and radiation has no effect on you. You also do not feel pain, so while you can suffer Shock, it is due to structural integrity. You can never be knocked unconscious.

<u>Made of Clay.</u> You are naturally armored (1 AR). However clay does not heal naturally, and you need to magically attuned clay and healing rites to recover any Wounds. Fortunately most major hospitals have the capability to treat golems.
